Speaking at the meeting, the Deputy Minister of Security & DDR emphasized the importance of the TC as an implementation body and link between the Ministry of Security and the Puntland State Police service. On request of the Acting Director General, the membership in the TC was adjusted to recent changes of personnel in Puntland authorities. On 16 February, the newly composed TC met for the first time chaired by the Puntland State Police Deputy Commissioner Administration. In his opening remarks the Deputy Commissioner emphasized his personal dedication to his new assignment stating that his priority will be the implementation of the **NPM**. During the meeting, Colonel Kismayo, one of the founding members of the TC in 2017, made a presentation on the history of the **NPM** and the TC. He pointed out that the TC created the Puntland State Police Plan with the contribution of all police sections. The strategic police plan became the base for the ongoing funding of projects through the Joint Police Programme (JPP). The Head of the Puntland State Police Criminal Investigation Department welcomed the new TC highlighting that there is an urgent need for the implementation of the activities agreed with JPP donors. It was strengthened by all members that the TC should serve as the crucial link between the Ministry of Security and the State Police as foreseen in the Terms of References.
