#DROUGHTINSOMALIA

UNFPA UN Population Fund aims to provide support on a quarterly basis.

The target is to assist vulnerable people affected by the drought, women and girls, IDPs, persons with disabilities.

56,000 people to receive sexual and reproductive health services.

23,000 people to be assisted with GBV prevention and response, including Mental Health and Psychosocial Support for women and girls.

Information up until 16/05/2022.
UNFPA is also leading work to maintain the supply of reproductive health commodities amid the drought.

1,000 young people reached through youth-related activities

UNFPA needs $19.5 million to support its response.
